

**Construction Update
 Centaurus High School
 Summer 2008**

Construction Overview for this month

The two-story addition will be completed for the start of school. Classrooms and counselors offices will be demolished and renovated. This work as well as other interior remodeling will be completed for the start of school. Administrative offices will be moved to the student commons area and renovation of the administrative suite will begin. Improvements to athletic facilities will be completed by July. Project is on schedule.
