

TO: Bilingual and ESL Program Principals  
FROM: Jorge Garcia, LLSS  
SUBJ: Supplementary Materials Funds  
DATE: August 13, 2008

We have funds available to each of your schools for supplementary materials to support the district curriculum for English language development

The following allocations are made using the 2008 Special Programs enrollment count. The per-pupil allocation is rounded to approximately \$13 (thirteen dollars). Due to the small numbers at some sites some allocations are arbitrary rather than based on pupil count however the actual count is provided in parenthesis for comparison.

Please expend these funds as soon as possible.

In the event that you know that you will not expend the funds please let me know immediately so that the funds can be redistributed to other schools.

This allocation is supplemental and intended to be used to support implementation of the ELD curriculum for English language learners. All materials purchased with these funds should be appropriate for this purpose.

To access these funds please have teachers fill out an order form, the principal should sign it to indicate approval, and forward the list to Ginger Farhar in LLSS. She will double check figures and other information and place the order. To minimize delays you are encouraged to include copies of publishers' order forms and as much detail as possible.

We will not be sending ESL Teachers this information however we will be posting it on Staff Net where they will have access to this memo and to the attached allocation tables.

Please let me know if you have any questions regarding this or any other matter.
