

Please keep for future reference regarding timelines & details.

Boulder Valley School District RE-2
OPEN ENROLLMENT PROCEDURES & INFORMATION
2010/2011 School Year

The open enrollment period is from November 30, 2009 through January 15, 2010.

The Board of Education supports a variety of high quality educational programs. Students may attend their district designated neighborhood school (based on home address), or application may be made for open enrollment to another neighborhood school, a focus school (meets BVSD standards but may have a different curriculum or philosophy), or a charter school (an independent school within the district) in our school district. When a student has been enrolled in any school under the open enrollment policy, that school becomes the "school of attendance". *To return to the district neighborhood school, an application must be submitted and approval will be granted if there is space available.*

OPEN ENROLLMENT PROCESS AND TIMELINES:

1. Before completing the open enrollment process, parents/guardians should obtain information about the school to which they are applying so that they are informed about the program. Some schools/grade levels may have no spaces to offer.
2. Parents/guardians may apply online or if they do not have computer access, parents may obtain a hard copy of the application from any district school or from the Open Enrollment Office between November 30, 2009 through January 15, 2010. Only one application per child may be submitted (**multiple applications are not permitted**).
3. Misrepresentation of information will be grounds to invalidate your open enrollment request.
4. **Parents/guardians must complete the application process no later than January 15, 2010, by 4:00 p.m to be included in the lottery selection process.**
5. Notification of an offer (from the original pool of applicants) will be sent on February 3, 2010. A second round of offers will take place to fill any remaining vacant spots by March 1. If the student does not receive a higher offer in the second lottery, no communication will be sent. Notification of placement on a wait list will be sent **after** April 2, 2010.
6. If an offer is extended during the first round, parents/guardians must respond with an acceptance no later than 4:00 pm on February 12, 2010 or the offer is forfeited. *Upon acceptance of the seat offered in the lottery process, the student forfeits his/her seat at their current BVSD school even if it is the student's designated neighborhood school and the selected school becomes the "school of attendance" for that level (elementary, middle, K-8, senior or multi level program).*
7. **If the acceptance confirmation is not received by the deadline, the child's space in the school will be forfeited.**
8. In order for a student who has open enrolled out of the designated neighborhood school to return to his/her district designated neighborhood school, an application must be submitted during the open enrollment period. The process set forth in paragraphs six and seven must be followed.
9. Once a student has been offered his/her first choice school anytime during the open enrollment process, whether the offer is accepted or declined, the child will not be considered for lower choices in the open enrollment process and will receive no further offers.
10. No preference or assurance in the open enrollment process is given to students in the feeder system (elementary to middle, middle to high school) e.g. Louisville Elementary to Louisville Middle School.
11. Wait lists will be established from the applications received during the open enrollment period. Students will be called from the wait list to fill verified vacant spots as they become available beginning in May through June and a final time in August. **Any student who missed the January 15, 2010 deadline, may submit an open enrollment application prior to September 1, 2010 to add the student's name to the bottom of an established wait list.**
12. **All deadlines are strictly adhered to and if parents/guardians prefer to submit a paper application in lieu of the online process, they are encouraged to personally deliver the applications and acceptance confirmations to the Open Enrollment Office as mailing difficulties will not be considered if received after the deadline.**

INFORMATION REGARDING SPECIAL PROGRAMS

- All BVSD and out-of-district students are eligible to apply for open enrollment.
- Enrollment, and participation in any school sports or activities, by new students to the District is conditional on the new school performing a “safe schools check”, the results of which may be grounds for denial of admission under Colorado Law.
- Any students with disabilities receiving special education services must complete a confirmation form and will then receive conditional acceptance. Students on Individual Education Plans (IEP’s) have the same opportunity to open enroll as non-special education students.

Generally, it is assumed that students receiving fewer than 16 hours of “pull out” or “in class” special education services per week do not need a staffing prior to enrolling as their educational needs can be met in any district program. However, in some circumstances a student may need an IEP review.

For students whose needs require additional services, an IEP team must determine if they can receive a free appropriate public education (FAPE) in the requested school.

The student’s slot at the requested school will be held until the staffing (if needed) is completed. Contact Special Education at (720) 561-5154 with questions.

- English as a Second Language services are not available at every school. Please contact the office of Language, Culture and Equity (720) 561-5073 with questions.
- **VARSITY ELIGIBILITY:** Per CHSAA guidelines, a student entering high school for the first time shall be eligible for all interscholastic athletic competition. In most cases, students transferring schools after entering high school for the first time without a family move will jeopardize losing varsity eligibility. Students should consult the district Athletic Director at (720) 561-5252 for eligibility information.

- **ENROLLING IN PRESCHOOL IN BOULDER VALLEY SCHOOL DISTRICT**

The Open Enrollment period is from November 30, 2009 through January 15, 2010.

Boulder Valley School District offers preschool services in fourteen elementary schools. These sites include:

- Boulder: Columbine, Community Montessori, Creekside, Heatherwood, Aurora 7 (BCSIS/High Peaks), and University Hill
- Broomfield: Birch, Emerald, and Kohl
- Louisville: Fireside
- Lafayette: Escuela Bilingüe Pioneer, Lafayette, and Sanchez
- Nederland: Nederland

The BVSD preschools are tuition based. Also, children may qualify for free preschool services through the Colorado Preschool Program or Special Education. If you are interested in finding out additional information about the Colorado Preschool Program or Special Education services in BVSD call (720) 561-5075 or (720) 561-5078, respectively.

Community Montessori preschool requires parents to apply through the open enrollment process. Please refer to the open enrollment policies and procedures on the BVSD website www.bvbsd.org or contact the Open Enrollment Office at (720) 561-5900 for more information.

For preschool programs at Columbine, Creekside, Emerald, Escuela Bilingüe Pioneer, Fireside, Heatherwood, Aurora 7 (BCSIS/High Peaks), Kohl, Lafayette, Nederland, Sanchez, and University Hill Dual Language, parents must complete a Preschool Lottery Application between November 30, 2009 through January 15, 2010 to be placed on a lottery waitlist. Children are not placed on a first-come-first-service basis. Please refer to “Preschool” under the “School” link on the BVSD website www.bvbsd.org or contact the Preschool Office at (720) 561-5075 for more information.

The preschool lottery will follow the same preference selection process used by the Open Enrollment Office. Parents will be notified of their child’s tentative acceptance by February 3, 2010 and a developmental screening through Child Find will be scheduled. Final acceptance is contingent upon passing the screening.

NOTE: Community Montessori, Escuela Bilingüe Pioneer, and University Hill Dual Language are continuous focus programs and when parents accept a seat at any of these schools for their preschool student, that school then becomes the student’s “school of attendance” through 5th grade. UPON ACCEPTANCE, PARENTS FORFEIT their neighborhood school for Kindergarten through 5th grade. At the time of registration, parents will be required to sign a letter of acknowledgement stating their acceptance into these continuous programs is a commitment through 5th grade. In order for a student who has open enrolled out of the designated neighborhood school for preschool to have an opportunity to return to his/her neighborhood school during a subsequent elementary year, an application must be submitted through the open enrollment process.

SELECTION PROCESS

- Approval of open enrollment is based on available space, programming, and staffing at the requested school.
 - ✓ When the number of applicants exceeds the number of spaces available, students will be selected by a random selection lottery. A wait list will be kept at the Education Center.
- Preference is given to students as follows:
 1. In district students who move out of their district designated neighborhood school attendance area and wish to remain at the school the student is currently attending. ***Moving outside the boundaries of the school attendance area or BVSD may jeopardize the student's space in this school.***
 2. Sibling preferences are tiered accordingly:
 - a. A new student, whether they reside inside or outside of the district, whose sibling has been in attendance and will be attending the requested school the following year.
 - b. A sibling of a student accepting placement during the same open enrollment period.
 3. A student of an eligible employee, whether they reside inside or outside of the district. (Eligible employees are those who are at the benefit level for each of their respective employee groups, i.e. 20 hours per week or more for classified, and .50 FTE for licensed and professional/technical employees.)
 4. BVSD students wishing to return to their designated neighborhood school.
 5. Students who reside within the boundaries of BVSD.
 6. Current students who move outside the boundaries of BVSD and wish to remain at the school the student is currently attending.
 7. Students who reside outside the boundaries of BVSD.
 8. When multiple siblings apply for open enrollment at the same school, they will be linked as siblings in the lottery process.

Community Montessori preferences are tiered and are also based upon additional eligibility criteria:

1. Sibling preferences as per the regular selection process will apply.
2. Family Income
This preference applies to in district applicants who submit a 2009-10 Optional Family Economic Data Survey (submitting the survey is optional) and other CPP criteria and qualify for scholarship. Scholarships and transportation are provided for 20% of the qualifying 3 and 4-year old preschool children and for Kindergarten-aged children who attend full-day Kindergarten.
3. Geographic Area
This preference applies to applicants who reside in the area north of Baseline or east of 75th until 80% reside in this geographic area.
4. After these preferences are met, the regular selection process will apply.

Boulder Community School of Integrated Studies (BCSIS) and High Peaks preferences are also based upon additional eligibility criteria:

1. Sibling preferences as per the regular selection process.
2. Family Income
This preference applies to in district applicants who submit a 2009-10 Optional Family Economic Data Survey (submitting the survey is optional) and qualify for free and reduced lunch (FRL) and who reside within a 1 ½ mile walking distance of the Aurora 7 school site (refer to map 2A attached) until 20% of the qualifying entering Kindergarten-aged children are enrolled.
3. Geographic Area
If 20% of the seats reserved for FRL students are not filled, then an additional preference is applied before the regular selection process. In this case, the next tiered preference would be for students eligible for FRL who reside south of Colorado and west of Cherryvale Rd and east of 4th Ave. (refer to map 3A attached) until 20% of the FRL-qualifying entering Kindergarten-aged students are enrolled; transportation would be provided.
4. After these preferences are met, the regular selection process will apply.

Preferences for Lafayette, Escuela Bilingüe Pioneer, Ryan, and Sanchez are tiered:

Note: Escuela Bilingüe Pioneer is a Focus School and follows focus school procedures with the addition of the geographic preference below. Lafayette, Ryan, and Sanchez are Neighborhood Focus Schools. This means that the neighborhood preference applies before the geographic preference for these three schools:

1. Sibling preferences as per the regular selection process.
2. Geographic Area
This preference applies to applicants who reside inside the boundaries of any of the Lafayette/Erie schools of BVSD; *i.e.* the attendance boundaries of each school in Lafayette.
3. After these preferences are met, the regular selection process will apply.

Preferences for Horizons K-8 Charter:

1. Children of employees at Horizons K-8, whether they reside inside or outside of the BVSD boundaries.
2. Sibling preferences are tiered accordingly:
 - a. A new student, whether they reside inside or outside the district boundaries, whose sibling has been in attendance and will be attending Horizons the following year.
 - b. A sibling of a student accepting placement during the same open enrollment period.
3. Students who reside within the boundaries of BVSD.
4. Current students who move outside the boundaries of BVSD and wish to remain at Horizons K-8.
5. Students who reside outside the boundaries of BVSD.

Preferences for Peak to Peak Charter:

(Preferences #1 through #7 are applicable whether a student resides inside or outside the boundaries of BVSD.)

1. Children of current or past members of Peak to Peak's Board of Directors.
2. Children of original subscribers.
3. Children of staff who are employed at Peak to Peak for an average of 10 hours or more per week and children of teachers who are employed by Peak to Peak.
4. Siblings of students attending Peak to Peak during the open enrollment application period and will be attending Peak to Peak the next school year.
5. Siblings of students who are currently seniors during the open enrollment period.
6. Siblings of students who have been selected for admission into Peak to Peak.
7. A student, who applies during the open enrollment period, is placed on the waiting list, is not offered admission before the next lottery period, and reapplies for admission in the immediately successive open enrollment period. (A student who was placed on the waiting list and who declined an opportunity to enroll at Peak to Peak is not eligible for this priority.)
8. Students who reside within the BVSD boundaries.
9. Students who reside outside the BVSD boundaries.

****Note to parents applying for KG at Peak to Peak:**

Peak to Peak provides two distinctly separate kindergarten programs;

1. Standard half day kindergarten as part of the public school system.

OR

2. A full day kindergarten enrichment program for a contracted monthly fee. *(Please refer to the Peak to Peak website for enrichment program information and/or contract details.)

When applying for a kindergarten spot at Peak to Peak, you will be asked to specify whether you are applying for a half day or full day seat. Please be prepared to choose the option that fits best for your family. This selection will provide the basis for the specific type of open enrollment offer that will be considered for your kindergarten applicant. The choice you make at the time of application is binding.

*Financial assistance is available, for family who qualify, through CCCAP.

Preferences for Summit Charter:

1. Children of school organizers and of present and former Directors.
2. Children of Summit employees and children of eligible School District Employees ("Eligible School District Employees" are those who are working at Summit an average of at least ten hours per week during the open enrollment period. Children of new Summit employees hired after the end of the open enrollment period who are working at least ten hours per week are allowed to enroll, so long as the enrollment does not cause Summit's enrollment to exceed by more than one percent (1%) the numbers specified in Section 5.4.)
3. Siblings of currently enrolled students and of Summit graduates. (A "Summit graduate" is a person who has completed 8th grade at Summit.)
4. Siblings of students who have been assigned to Summit during the current open enrollment process.
5. Residents of the school district who applied during the previous year's open enrollment period, who were not offered a place at Summit, and who reapply during the current year's open enrollment period. (A student who was placed on the waiting list and who declined an opportunity to enroll at Summit is not eligible for this priority.)
6. Students who reside within the boundaries of BVSD.
7. Current students who move outside the boundaries of BVSD and wish to remain at Summit.
8. Students who reside outside the boundaries of BVSD.
9. Children whose applications are received after the open enrollment deadline, if such students were not enrolled in a BVSD school during the open enrollment period.

GENERAL INFORMATION

- The open enrollment process is not complete until you submit the Student Enrollment Online process and then provide the supporting documents to the accepted school to complete enrollment.
- When applying to either Escuela Bilingüe Pioneer or University Hill Dual Language, native English speaking students in grades 2nd through 5th should have an educational background in a bilingual program and will be assessed by the school to determine program appropriateness prior to final acceptance.
- After elementary and middle school students will attend their district designated neighborhood school unless they open enroll to another middle or high school. Once enrolled full-time in a K-8 building (or other multi-level program housed in the same building) students do not have to re-enroll.
- Students who enroll in a school other than their district designated neighborhood school are responsible for their own transportation. If space is available on an existing transportation route, parents may petition for “ridership” by contacting the district’s Transportation Office at (720) 561-5120. This petition process occurs after the school year begins. Parents/Guardians must petition every year for space available ridership. **Transportation under the open enrollment process must be applied for annually.**
- Students may not apply for the same grade that they are currently enrolled in through the open enrollment process.
- To help parents/guardians identify schools they may wish to consider for open enrollment, opportunities to visit and observe schools may be scheduled by contacting individual school offices. Please be sure to register with the school office when visiting schools.

**If there are other questions regarding open enrollment,
please contact the Open Enrollment Office at (720) 561-5900 for further information.**
