Adopted: date of manual adoption

Revised:

POLICY DISSEMINATION

The Superintendent is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Board and the rules and regulations needed to put them into effect.

Accessibility is to extend at least to all employees of the school system, the members of the Board, and, insofar as conveniently possible, to all persons in the District.

All policy manuals distributed to anyone shall remain the property of the Board and shall be considered as "on loan" to anyone, or any organization, in whose possession they might be at any time. They are subject to recall at any time for updating.

The Board's policy manual shall be considered a public record and shall be open for inspection at the Board offices during regular office hours.

Publication(s) containing policies and regulations of the District or the individual school, the State of Colorado, and other agencies affecting students will be placed in each school library and made accessible to students. These will be provided in addition to information contained in student handbooks or materials as otherwise distributed to students by each school.

Current practice codified 1978
