## **ENERGY CONSERVATION**

It shall be the policy of the Board of Education to encourage and support an energy conservation and education program to substantially lower consumption of electricity, natural gas, propane, gasoline, and water. It shall be the responsibility of each District employee and student to actively participate in conservation efforts in order to achieve the District's goals of reducing consumption, while continuing to comply with applicable codes and standards. All efforts shall be made to maintain programs for the benefit of students and to continue to provide productive and comfortable facilities.

It shall be the responsibility of the District's administrators, through the Assistant Superintendent of Operations, to implement, direct, monitor, evaluate, and report District energy conservation efforts.
