

Birch Fall Progress Report on Achievement

Due: November 13, 2007

Principal: Dr. Linda Brookhart SIT

Chair: Jamie Penner/ Sarah Oswick

School SMART Goal: Achievement

Writing at Birch will improve as measured by: K-5 writing sample results for the number of students proficient or advanced at the Spring test will improve from 65% to 75% and CSAP ALL scores will increase from WI 94 to WI 97

What evidence do you have in the short-term to show progress on your school goals?

Document results of formative assessments as identified in your SIP.

Considerations:

- Writing Assessments – WHAT WERE THE RESULTS OF OUR FIRST PROMPT?
- Agenda from full day of staff development on writing
- Grade level team maps that were created during professional development day
- Draft of teacher survey on - what teacher current practices are/what people currently do for authentic writing - was created
- Plan for Anthology is drafted
-

What questions are guiding your next steps?

Considerations:

- What research is out there for ways to use authentic writing?
- What do other schools do for authentic writing?
- How will the grade level maps align when cross-grade level teams meet?
- What will final Anthology parameters be?
- What vocabulary, resources and programs do our teachers currently use?
- What writing do we currently do for authentic audiences?
